What's New:DaVinci Resolve 16 features a revolutionary new cut page specifically designed for editors that need to work quickly and on tight deadlines! The new DaVinci Neural Engine uses machine learning to enable powerful new features such as facial recognition, speed warp and more.. DaVinci Resolve is the only post production software designed for true collaboration.. DaVinci Resolve Studio is also the only solution designed for multi user collaboration so editors, assistants, colorists, VFX artists and sound designers can all work live on the same project at the same time! Whether you're an individual artist, or part of a large collaborative team, it's easy to see why DaVinci Resolve is the standard for high end post production and finishing on more Hollywood feature films, television shows and commercials than any other software.. Plus, Fusion is dramatically faster and Fairlight adds immersive 3D audio DaVinci Resolve 16 is a massive release with hundreds of features customers have asked for.
