Just opened a drawing with a note saying some AutoCad commands may not be usable and to register to get rid of water mark.. Converts PDF file to native DWG file;4 High quality and ease of use;5 Specific page(s) can be selected for conversion;6.. not worth the effortIt said a "TRIAL", when you can not see the outcome of the conversion.. How can you convince to buy this? Just give 30 days trial will be good enough, like Autodesk do.. e AutoCAD 2016 and AutoCAD vertical products;2 Accepts single page or multi-page PDF as an input;3.. No drawing was visible I had to reset my GUI to use CAD again installed it, loaded CAD and kept getting error messages.. I also tried on other drawings and results are cool!i use the trial to see how it works, but it convert nothing out.
